## The Starting Line REport by Dave Lancaster

Dear NEOHIO Members,

The “dog days of Summer” are upon us and now that we have had a few weeks off from hosting competition events it has finally stopped raining on the weekends. Just our luck.

The next few months may seem a little slow for us compared to our June and July, but we do have plenty of activities available to members to have fun with cars in 2021. There are three more SOLO events to complete the year plus a Starting Line School on August 21<sup>st</sup>. Work is being done on the Johnny Appleseed Road Rally being planned for October 23<sup>rd</sup>. This is a great way to catch the fall foliage in the hills of eastern, Ohio. After the success with our new Rally Cross location, Frank has set up a second date for November 13<sup>th</sup> at Southington Off Road Park. As my Road Racing Schedule slows down, I plan to attend a few of these events to meet more of our membership and get more exposure to these programs.

NEOHIO is excited to announce an additional Time Trial with a focus on an all-Day Track Sprint. The date will be October 16-17. We have decided to do this to help both Nelson Ledges with an open date and give an opportunity to introduce competitors that don't normally run on a closed circuit a safe & easy opportunity to get on track. Saturday will be a full day of Track Sprints. These are timed runs on Nelson Ledges Road Course with single car runs starting from a point on the track and finishing about 2/3rds away around the track. Each competitor will receive three runs on each of three track segments. The best run from each segment will be counted towards the day's championship. We are very excited to be able to offer this opportunity to our members and other motorsport enthusiasts in the area and easy way to get on Nelson Ledges.

Sunday will be a standard Track Attack day. We have had a lot of competitors interested in another Track Attack single day event. The hope is some of the Saturday participants will stay for the weekend to try their hand at a Track Attack Day. A separate trophy award will be given for this event as well. For competitors that compete in both the Track Attack and Track Sprint in the same car will be eligible for a NEOHIO Time Trial Championship award. The weekend could be a lot of fun and I hope to see as many of you out there.

In other news I learned on the SCCA RE meeting that the 2022 SCCA National Convention will be held virtually and that the 2023 will be a combination event. This convention has many educational seminars available for us all to learn from to make a better experience for our competitors and volunteers. Check out the SCCA website for more information on this year's activities.

## Notes from the Director's Chair Area 4 Director Update for August, 2021

Boy oh boy was July busy....and it's not even done yet. I write this just before heading off to Kansas City for my first face to face meetings with the Club Racing Board (CRB) and the Board of Directors (BoD). This will be the third consecutive weekend that I've been away from home. The good news is I have a very understanding wife.....I'm sure I'll find out what the bad news is once I buy it for her.

### Video Conference Meetings:

CRB (7/6): Once again, mid-season, pre-Runoffs CRB meetings can be very mundane. This one was no exception. In addition to the regular agenda, we had time to discuss agenda items for the meeting in Kansas City on 7/30.

Electrified Vehicle Advisory Committee (EVAC)(7/14): Our meeting had to be cancelled for a variety of minor reasons.

BoD (7/26): Our regular Zoom meeting was cancelled as we will be meeting in person on 7/31. I'll report about that meeting next month.

Rally Cross Board (RXB) (7/27): Due to some staff changes in Topeka, RXB is now under different management. The group discussed these changes and went over preparations for the National Championships, rules changes for 2022, etc.

### SCCA Events:

GingerMan Raceway (7/16 to 7/18): Friday was a Track Night in America (TNiA) event and the rest of the weekend was filled with a Time Trials National Tour event. While I'd attended a couple of the TNiA events before, this one was the first where I was there just to watch and see how the event was put on. On the other hand, I had never attended a Time Trials event and was really looking forward to seeing how that was operated. The good news for a guy trying to learn how these events work is that Jon Krolewicz and John Hunter (Time Trials Managers) were both at the track for this one. They were very helpful and took time to walk me through their system. They clearly know what they're doing as the event went off without a hitch and everyone who attended had a great weekend. This program fills a slot on the racing continuum between Solo and Club Racing. If you like to tinker with your car and go fast on a race track but not in a "wheel to wheel" format, this is the program for you.

Pro Solo @ Toledo Airport (7/23 to 7/25): Once again, I was faced with attending a type of event that I had never been to before. While I had participated in several Solos over the years, this was a different type of critter. They use two, mirror image courses and drag strip style start lights (Christmas tree). Drivers run twice on both courses during each of three heats. The best times from each side during the 12 runs determines the winners in each class.

Way back in March, I reached out to Charina Jones (Northwest Ohio Region RE) and asked about attending so I could observe the process. She pointed me towards Scott Dobler. He and his team operate out of Topeka. They schlep the trailers from place to place to support the events. I arrived Friday afternoon at about 2p, checked in and met with them as they explained the event details. The event went off pretty well with only a couple of minor hitches. Scott's team and the locals from NWOR could not have been more gracious hosts. They answered all of my questions and were very helpful. Scott even asked me to hand out the trophies on Sunday. I will investigate entering one of these next summer. It looks like too much fun to pass up.

## JOIN THE STEWARDS PROGRAM

Most weekends, you go to the track, you prep your car, you run your sessions, and you go home with a big smile. If you ran well and without incident, you never saw those people with notepads and clipboards wanting to talk to you – the stewards.

Maybe you are a volunteer, working a specialty, and you want to do more or something different. Who are the stewards? We are responsible to the event region, SCCA, and the entrant to make sure the event runs smoothly within the rules (per the GCR and event supplemental regulations).

**It is a tough, thankless job, but somebody has to do it, so it might as well be YOU.**

I have recently purchased Scott Engel's 1970 Datsun 510, member of the NE Ohio SCCA club, and I am trying to trace its history. I was able to talk with Scott recently, and he has been VERY helpful! Unfortunately, we have a "blank window of time", from around 1976, when Scott sold the car to another NE Ohio club member, to some time around 1986, after it ended up in SW Michigan as a Solo car. The car ended up here in Denver CO around 1996, and continued to be run as a Solo car. Scott kinda remembers that the guy racing it from 1976-1980'ish, may have sold it to a father & son (rumor) possibly in Michigan (rumor) or another northern Midwest state. ANY info, guidance (even if just a rumor!) or direct help is greatly appreciated! This car, which HAS survived well, should be put back on the road race track, and a complete history along with it!

Please call or text me at 269-598-5836 (I am in Denver CO). TJ Jacobs/Ignite Performance

NEOHIO Region would like to extend our thanks to **Summit Racing Equipment** for their longstanding support of NEOHIO Region and motorsports activities in our area! Please show your support by being a customer of our home-grown speed shop.

**ANNUAL TECH INSPECTION AND DRIVER PHYSICALS** Due to the ongoing Covid-19 issues we **will NOT** be having a group Annual Tech & Driver Physical Day this year. ## Area 4 Director's Notes continued

Just as July was very busy with lots of trips, August will be a bit more relaxing. I only have one trip planned and that's to Grattan Raceway to support my local club (Western Michigan Region) and work our Major Club Racing event. After that, September and October have me going to a Solo at Grattan Raceway on Labor Day (9/6), the Runoffs (9/24 to 10/3) and the RallyX National Championships (10/15 to 10/17).

Thank you for your time and I look forward to hearing from you soon. Please feel free to contact me with any questions or comments you may have about any facet of the GLDiv. I want you to make the most of your membership and I will help out in any way possible to make that happen. *Dayle Frame*

The NEOHIO and Mahoning Valley Regions are supporting four Track Night in America Events at Nelson Ledges Road Course in 2021 by providing Flaggers and Emergency Services Volunteers. **TNiA** events are intended to introduce SCCA to non-members and provide current members an easy avenue to get on a racetrack in a safe, organized environment. The benefits to our Region are increased memberships and more activities for Nelson Ledges. To encourage members participation, **we have \$25 gas cards for each event for the first 12 volunteers that respond** to Kurt Stevens our Flag Chief or Jon Schneider our Emergency Services Lead.

**Tuesday August 17<sup>th</sup>**

This is an update through Mid-Ohio this past weekend. Good luck to our drivers for the remainder of the season at Grattan, PITT, Mid-Ohio, and Nelson Ledges. If you race at other tracks please let us know.
