It was great to be back at Nelson Ledges Raceway for our Time Trial Event on June 29<sup>th</sup>! The weather was great as was the feedback from the participants and track management. The NEOHIO Region and our partner Mahoning Valley Region, along with help from our friends at The Great Lakes Division, Steel Cities Region, and Misery Bay Region all need to be proud of the event we put together. I would love to put a shout out to each individual that contributed to the success of this event, but I am afraid to leave a name off the list as there were so many of you that volunteered for this event. So, thank you to everyone that helped.

I also want to thank our competitors. Many of you registered to support our efforts and it was great to see your cars at the track again along with seeing our newer members out on the track for their first time. As a promoter, the day was a little stressful, but as a competitor it was a blast. Wow, that track is fast without the bumps and new curbing! Aaron Quite had his TA2 car out and Al Franzolino brought out his P2 Beasley Decker and they were both in the 1:06's on old tires. Check out the results in this edition of the *Blower*.

We also had members come out and visit for the afternoon which was great to see. The track had a lot of excitement and activity during the day as the announcers were doing a great job in keeping everyone up to date. It felt like we were one big family again having a blast with our cars at our beloved home track.

Look for a full report from Bob MacDonald, our Time Trial Chairperson, in next month's *Blower*. He is currently taking a much-deserved vacation and recovering from all his hard work.

The Solo team is hosting their next event on Saturday, July 13<sup>th</sup> at The Captains Club parking lot. The team took some time off and helped with our Time Trial and some even competed in the Time Trial. Now they are excited to get back at it.

Our next new event is the NEOHIO Region's first official Rally Cross Event on October 6, 2019 at The Geauga County Fairgrounds. The Great Lakes Divisional Rally Cross team is supporting our event in full force. It is great to see other GLD Regions help us with our first event in northeast Ohio.

## What Is RallyCross?

**WHAT IS  
RALLYCROSS?**

**HOW DO I  
RALLYCROSS?**

**FIND AN EVENT**

RallyCross is the most widespread and readily accessible form of extreme dirt motorsport in the Sports Car Club of America, and the perfect place to see if you have what it takes to power slide your way to victory. Imagine a scaled down version of a rally stage laid out on a non-paved plot of land where the course is delineated by traffic cones instead of trees or rocks.

The entry fees and equipment requirements are considerably less than those necessary to enter any other forms of performance rally, so in most locations one need only arrive at event registration with a safe hardtop vehicle and the entry fee. Many SCCA Regions have helmets to loan and will assist the first-

time competitor with entering the appropriate class, making their way through technical inspection and finding their way around the course. Best of all, it's great fun!

If you have never participated in SCCA RallyCross, don't know the specific details or want to know more - keep reading or check out the menus to the right (bottom on mobile) to learn more.

### RallyCross Levels

#### Regional

Regional events are hosted by the individual Regions which make up SCCA. These events tend to be small events, and you do not need to be an SCCA member to participate in a Regional event (they will make you a temporary member for the weekend) but it does usually mean a discount if you are.

#### DirtFish SCCA RallyCross National Challenge

The DirtFish SCCA RallyCross National Challenge is a three-event rotating-location series with events on the east coast, west coast and a central location. These are two-day multiple-course events and just like the national championship are scored by combining the time from each of your runs.

#### DirtFish SCCA RallyCross National Championship

The DirtFish SCCA Rallycross National Championship is an annual winner-take-all event which crowns national champions in each RallyCross class. This event is a two-day event in which competitors drive two different courses, with the combined time from every run used to determine the champions.

### RallyCross Classes

#### Stock

The stock category of SCCA RallyCross is the most restrictive and made up of three classes: Stock Rear Wheel Drive (SR), Stock Front Wheel Drive (SF) and Stock All Wheel Drive (SA). Cars must run on DOT-approved tires which are not marked "For competition only", "Not for street use" or similar. There are a few minor modifications allowed, most for RallyCross-specific protection/safety, non-performance cosmetic accessories or minor performance enhancements like cat-back exhaust or drop-in air filter.

#### Prepared Category

Like Stock, the Prepared Category is made up of three classes: Prepared Rear Wheel Drive (PR), Prepared Front Wheel Drive (PF) and Prepared All Wheel Drive (PA). Cars in prepared class may do anything allowed in stock, and some additional modifications. Additional mods including allowing any tires (other than home-built studded tires) exhaust modifications, any shocks/struts and more.

#### Modified Category

In keeping with the category structure in Stock and Prepared, Modified also has three classes: Modified Rear Wheel Drive (MR), Modified Front Wheel Drive (MF) and Modified All Wheel Drive (MA). These classes see the most modifications including major weight reduction, aftermarket forced induction, and aero-devices like wings or splitters.

## Condolences

The "Mom" of The Winner's Circle, Linda Giorgio, has passed away. She was a long time member of Neohio and a true friend to many of us with her infectious smile and laugh.

Our thoughts and prayers are with her husband Dave and son Rob. She will be missed.

*(Continued from page 1.)*

We need our members who have been interested in a Rally Cross come to get their cars ready and enter this event. The success of this event will bring more opportunities in 2020 for Rally Cross in northeast Ohio. If you have any questions about the type of event or type of car preparation needed, contact our Rally Cross Chairman, Andrew Grannis, at [Rallycrosschair@neohioscca.com](mailto:Rallycrosschair@neohioscca.com). Another great place to go is the SCCA Rally Cross Website at <https://www.scca.com/pages/what-is-rallycross>.

In closing, I would like to give the members an advance notice about a Special Meeting we will be holding after our September 3<sup>rd</sup> BOT Meeting at 8:00pm. The Special Meeting is being called so NEOHIO members can vote on some minor changes to our constitution that the Board is proposing. It will be a short meeting, with only two items that the Board of Trustees are seeking to amend. More information will be published in the August *Blower*, as well as an email describing the exact changes the Trustees are proposing. All NEOHIO members are encouraged to vote to approve or disapprove the proposed changes at the September Special Meeting.
