The Starting Line

Report by Dave Lancaster

Dear NEOHIO Members,

The NEOHIO team delivered a fantastic Divisional Race this month. We ended up with 98 entries, six track records, and plenty of good clean racing on the track. No major incidents were reported and the reviews from the participants and workers have been positive.

We had plenty of great sponsors who supported our event with cash, product donations and promotional items. These include: Carbotech Performance Brakes, Summit Racing, Alliance Autosport, Lake Erie Graphics, Design Engineering Incorporated, RadAir Complete Car Care Centers and Stupid Fast Tires. Please show your appreciation to these vendors by supporting them in the marketplace.

Along with our sponsors, we had multiple drivers add to the worker fund and some brought additional gifts for our workers. Way to go Drivers!

Our neighboring Regions also deserve a big thank you for their support for this event. We had members from over 10 other regions come out and help with our growth at Nelson Ledges Road Course. A special shout out goes to our friends from Steel Cities who not only provided workers, but loaned us their scales, event trailer and a tow vehicle. We could not have done this event without the support of our neighboring regions.

Nelson Ledges Road Course team worked hand in hand with us all weekend. The paddock was in great shape, we worked to accommodate parking for participants and moved racers around who had clearance issues. The facilities we attended to on a timely manner and the improvements made over the past year were recognized by all. NEOHIO is fortunate to have a committed track owner in our region.

Most of all I am very pleased with the team at NEOHIO who worked very hard to put this event on. Many members stepped up to make sure we had a great event. NEOHIO Region should be proud of our accomplishment and how we worked together as a team to deliver a great event in Northeastern, OH. My only complaint is that we can't seem to get through these weekends without some rain. Let's hope for dry weekends in 2022.

Next up on our Calendar is the RallyCross event at Southington Off Road Park on July 17th. That's right folks, NEOHIO is back in the RallyCross business with a new location.

NEOHIO has more motorsports activities planned in 2021. In addition to the Solo and Road Rally's already scheduled, we are working on a possible event Mid-October at Nelson Ledges. The details are still being finalized, but we are looking at offering a full day Track Sprint Event. This could be an exciting opportunity for all by providing an entry level exposure to Nelson Ledges Road Course. Details will be made available soon.

NEOHIO Region lost a longtime member last month. James Goebelbecker passed away in late June. He was perhaps best known for piloting his bright green F500 at Mid-Ohio and Nelson Ledges. He retired from Kennametal Inc., as an engineer and helped to raise his treasured grandchildren, teaching them important life lessons while having fun. He leaves Marilyn A. Notes from the Director's Chair Area 4 Director Update for July, 2021

Much like any other GLDiv member, as we march towards summer, we all get busier. June was no exception for me. There were quite a few virtual, video meetings (for the administrative side) and a pair of race events to go to (for the fun side).

Video Conference Meetings:

EVAC Charter (5/27): With so much at stake, the EVAC is “moving” from a sub-committee under the Club Racing Board to a group that reports directly to the BoD. The moving of the EVAC within the SCCA hierarchy means that the EVAC Committee would need a formalized charter for the committee.

CRB (6/1): There weren't any earth-shattering rules changes discussed as this was a fairly routine meeting. In fact, we were finished early enough to start preparing for the “in person” meeting in Kansas City on 7/30.

EVAC E-Spec rules (6/2): A few of us met to walk through a rule set based on the BSpec class. Jeff Luckritz and Paul Messier had prepared the document and we drew up some changes paragraph by paragraph. We would present this to the full committee at the 6/9 meeting.

EVAC (6/9): A few days earlier, I had been told that the committee would be moved within the SCCA organization chart. We walked through our production-based, car rule set. There's still some work to do but we have the basics for a class (or two) for EVs.

BoD Board Effects (6/21): The BoD is moving from one management platform to another, so this meeting was a training session for new software system which manages our votes, agenda, documents, etc. Kinda boring but a necessary evil so we can do our jobs properly and efficiently.

RXB (6/22): I did not sit in on this meeting as my sinuses went haywire that day and the last thing the RXB needed was a meeting interrupted by a “gesundheit” every 20 seconds.

BoD (6/28): Wowzer.....the shortest BoD meeting during my tenure.....47 minutes! Once again, Jeff Dahnert has done a great job managing our funds. We had another good month and are well above our projected budget. We worked on increasing our effectiveness by having a third party review the BoD's policies and procedures. We'll do this over the winter months. On a down note, we've had so many “members behaving badly” incidents lately that we have had to start a program to codify rules to oversee management of the incidents. We need to protect whistle blowers and victims of bad behavior. I'm sure I'll have more on this as the plan gets implemented. We also worked on an agenda for our “face to face” BoD meeting at the end of July (7/31) in Kansas City. All of us are really looking forward to seeing each other in person. Like a lot of you, we're all sick of video conference calls.

SCCA Events:

Road America (6/4 to 6/6): This was the Chicago Region hosting the June Sprints. I decided to go to this race at the last minute. Technically, I was a crew member for a friend, but he had other crew and I would be able spend some time “working” as Director. In addition to utilizing the weekend to see old friends, I needed to chat with the technical folks from Topeka (Rick Harris, Scott Schmidt) and I would use the trip to meet Peter Jankovskis (Area 5 Director and BoD Chair). While we'd sat in on a dozen video meetings during my tenure, I had not actually met him in person. As luck would have it, Mike Cobb (SCCA President) was at Peter's paddock and the three of us had a nice, long chat (I hadn't met him either.....two birds, one stone situation). The good news was my driver won the Saturday race and had a very good weekend.

JOIN THE STEWARDS PROGRAM

Most weekends, you go to the track, you prep your car, you run your sessions, and you go home with a big smile. If you ran well and without incident, you never saw those people with notepads and clipboards wanting to talk to you – the stewards.

Maybe you are a volunteer, working a specialty, and you want to do more or something different. Who are the stewards? We are responsible to the event region, SCCA, and the entrant to make sure the event runs smoothly within the rules (per the GCR and event supplemental regulations).

It is a tough, thankless job, but somebody has to do it, so it might as well be YOU.

Are you ready to help with the operation of an event, give back to the SCCA community, and be part of the leadership of Club Racing? Then contact us!

Area 4 Director's Notes continued

WMR @ Grattan (6/19, 6/20): This weekend I took off my Director's hat and put on my F&C worker hat to support the WMR "Original Unrestricted" Double Regional at Grattan Raceway. There were 80-ish cars in attendance. This was the first SCCA race since the Waterford Hills Drivers School, so the field was populated with quite a few rookies. Some damp weather on Saturday made for some interesting track conditions for them to deal with. Grattan dries quickly, so the surface was changing by the minute. Sunday was a bit warmer with no rain. It felt really good to get back to "normal" and work an event.

As I've mentioned before, July will be very busy for me. Personal and SCCA trips will eat up every weekend this month culminating in my first face to face CRB and BoD meetings in Kansas City on 7/29-8/1. I'm really looking forward to that.

Thank you for your time and I look forward to hearing from you soon. Please feel free to contact me with any questions or comments you may have about any facet of the GLDiv. I want you to make the most of your membership and I will help out in any way possible to make that happen.
