The Starting Line

Report by Dave Lancaster

NEOHIO members if you haven't done so already, it's time to start your engines. May is here and our season has started with a Solo Event at Captains Club Parking Lot and a Track Night in America Event at Nelson Ledges Road Course. We still have three more events to get in this month including a Road Rally, a Solo Event, and a Time Trial at Nelson Ledges.

In addition to our own events, we have plenty of our members participating in many SCCA Events of all types outside our Region. NEOHIO Region was well represented at the PITT Race Super Tour with both Workers and Competitors. We also had a large turn-out at the Time Trial Nationals as well as a Solo National Tour this year.

As for Club Updates, there are two items that our members should know about. First is the postponement of the Longest Day of Nelson Ledges. This was a bit of a disappointment for potential participants and workers who looked forward to the return of this historical event. I have spoken to many endurance competitors that are very excited about this event, but felt they needed more time to prepare a car and team for the event. The NEOHIO Club Racing Team along with the management at Nelson Ledges agrees that this event will be more aligned with the current endurance racers if run under SCCA's new Endurance Program starting in 2022. The combination of both new car rules and more time to prepare should lead to a great event in 2022. The last factor that effected this year's event was the uncertainty due to Social Distancing and COVID we experienced in the off season.

NEOHIO Region has had some issues with finding a good location to host a Rally Cross event in 2021. We tried to work something out with Nelson Ledges, but the area will not be ready in 2021. Brian Ross then introduced Frank and I to the owner of the Southington Off Road Park who has two areas for us. This location already hosts motorsports events and is excited to work something out with us. Frank Colletti is working out the details and will soon have some news to share with us. I believe a late July date is being agreed upon. Anyone wanting to participate in Rally Cross events should contact Frank as he could use some help in planning and preparing for these events.

As always, I hope to see you all at an event this year. Remember to thank the volunteers who work hard to make these events happen.

Notes from the Director's Chair Area 4 Director Update for May, 2021

As we head into the competition season, I am reminded just how busy all of us are. Not just the competitors who have to get ready for the upcoming season but all the behind-the-scenes folks who make the races happen. They make the sausage, folks. They deserve a lot of kudos for all their hard work so the rest of us can play with our cars. No matter how you help "make the sausage", your efforts are not forgotten. The competitors, management of your division and regional officers salute your efforts on our behalf. And drivers, be sure to thank those folks in person and offer a generous donation to the Worker Appreciation Fund of the events you attend.

I had even more meetings this month for a couple of reasons. One, a new sub committee was formed under the Club Racing Board (CRB) called the Electric Vehicle Advisory Committee (EVAC) and we held our first meeting on 4/14. Details about this will be announced later. Two, an additional meeting was held by the CRB to focus on "strategic planning".

CRB on 4/6: This was a routine meeting and was finished in less than 90 minutes (a new record during my tenure). Nothing really exciting happened but we'll see how the driver corps accepts the results (which can be viewed [here](#)).

EVAC on 4/14: Again, details to be announced later.

CRB Strategic Planning on 4/22: Some long-term planning discussions were held. The Club Racing program is strong but the changing economy, Club demographics and other factors lend uncertainty for its future. The overarching theme of "how do we make the product better" was applied to a wide variety of topics. This will be an ongoing conversation so we're planning on meeting monthly to discuss these issues.

BoD on 4/26: I'll report on this meeting next month.

RXB on 4/27: I'll report on this meeting next month.

My personal travels for race events started this month as I visited my brother in NC for a couple of days before heading to VIRginia International Raceway (VIR) for a Hoosier Super Tour (HST) event there. Due to COVID-19 restrictions, the race was considered a "private event" by the State of Virginia. This meant no spectators, no over crew and everyone had to be an SCCA member. They also limited the entries to 300 plus 'double dippers'. It was a very well-run event with nice weather (other than the Saturday night thunderstorms with a tornado watch in nearby counties).

I'll be off to Pittsburgh International Race Complex (PIRC) for another HST race on 4/30-5/2 and MidOhio for an OVR Major Club Race on 5/22, 5/23. OVR could always use more workers. If you want to sign up, please follow this [link](#). To view all the SCCA events I'll be attending this year, visit [my schedule](#) which is posted on the GLDiv website.

Speaking of the GLDiv website, I am pleased to announce that the new, revised [GLDiv website](#) is now operational. Many congrats go to the webmaster (Rob Dietz) as he molded the new site into its present configuration. The plan was to make this site a "one stop shopping" experience for all of our members. It's still a work in progress so please feel free to offer constructive criticism, high quality photos for the backgrounds, etc. so we can make sure this site helps all members with their GLDiv needs. His email address is gldscaweb@gmail.com.

Area 4 Director's Notes continued

A quick note to our F&C worker corps, we could use your help with a non-Club Racing event this summer. Topeka is bringing a Time Trails National Tour event to GingerMan this summer (7/16-7/18). They could use some experienced corner workers to support the green volunteers at the event. Please reach out to the Ed Arthur (GLDiv F&C DA) if you can help out. His email address is flagging_rocks@sbcglobal.net. I'll be there and am really looking forward to seeing a TT event in person.

One more quick request for our membership. The easiest way to get in touch with you is by having up to date contact info in the SCCA database. Please make sure the SCCA has accurate contact information for you. Go to my.scca.com, sign in and click on the "Edit Contact Info" button in the "Profile Details" box. If you have any trouble doing this, please do not hesitate to reach out to the membership staff in Topeka as they will be glad to help you with this.

Thank you for your time and I look forward to hearing from you soon.

JOIN THE STEWARDS PROGRAM

Most weekends, you go to the track, you prep your car, you run your sessions, and you go home with a big smile. If you ran well and without incident, you never saw those people with notepads and clipboards wanting to talk to you – the stewards.

Maybe you are a volunteer, working a specialty, and you want to do more or something different.

Who are the stewards? We are responsible to the event region, SCCA, and the entrant to make sure the event runs smoothly within the rules (per the GCR and event supplemental regulations).

It is a tough, thankless job, but somebody has to do it, so it might as well be YOU.

Are you ready to help with the operation of an event, give back to the SCCA community, and be part of the leadership of Club Racing? Then contact us!

NEOHIO member Dr. Michael Saddleton has offered to give physicals to drivers who have not been able to schedule one. Please contact Debbie LaFond at fastlady1026@yahoo.com for information.

Help Wanted in Timing and Scoring – B+B Nick

Have you ever considered being part of the exciting world of SCCA racing? Want to have a great view of Start/Finish so you know who is leading? Like someplace that is out of the crazy Northeast Ohio Weather? Looking for a place known for having the BEST snacks (just ask the stewards)? Can you operate a computer or do you prefer a paper and pencil job?

T&S is looking for help at all NEOHIO's track events held at Nelson Ledges Road Course. The Time Trials, May 29-30, is a great time to learn something new or just brush up on your skills. Orbits Operators (computer) are always needed and during the TT's would be a great time to learn.

NEOHIO has a race July 10-11 and we could use your help.

Adults and minors are welcome and you don't have to be a SCCA member to work T&S. Looking forward to seeing you in the T&S tower at Nelson. If interested, please contact:

Bob – rhnick38@gmail.com or 440-789-8995 to leave a message.

Brenda – brenda.j.nick@gmail.com or 440-789-8679 to leave a message.

Job Descriptions Below:

Taping – write down car numbers as they pass Start/Finish.

Orbits Operator – uses a computer to make sure the cars register as they pass Start/Finish, and keeps track when things happen such as yellow flag, checkered flags, etc.

Orbits Results – publishes the provisional and final results of sessions, also hourly updates during the Longest Day.

Outpost – prints out and post results from sessions or hourly updates. For Time Trials, distributes rental transponders; also verifies return of said transponders.

NEOHIO Region would like to extend our thanks to Summit Racing Equipment for their longstanding support of NEOHIO Region and motorsports activities in our area! Please show your support by being a customer of our home-grown speed shop.

If you are in need of either please contact fastlady1026@yahoo.com to make individual arrangements. **Give yourself at least two weeks before your first race for an appointment for your tech.**
