Neohio Solo School at
Pitt Race
April 30

If you missed the Neohio Awards Banquet you missed some very good food and a great time. This year the weather cooperated and there was no snow. Last year we had snow that was measured by "the foot" and cold in the negative Fahrenheit range. Art Brow and Chuck Stoddard were inducted into the Neohio Hall of Fame. If you know of a Neohio member that is worthy of being inducted into the Neohio Hall of Fame, let Dorothy Harrington know. You will need to submit a list of their achievements to the committee, not just their name. Dorothy has a great group and they do a wonderful job.

Driver physicals will be conducted by Doc Saddleton this year on April 17 from 10 to noon at Track First located at 6381 Chittendon Road, Hudson, OH. Donations of \$50 will be accepted. Anyone interested should

contact Debbie LaFond at 440-946-2207 or fastlady1026@yahoo.com. Annual tech will also be at Track First the same day. Contact Debbie for time for annual tech. Many thanks to Track First for the use of their facilities.

Pablo Chois and the solo group have an event in conjunction with Track First at Pitt-Race in April. Check with the Solo group for more information.

Bob MacDonald has taken charge of the Tire Rack Street Survival and it looks like we may initially have two events scheduled with the possibility of more. These are not a racing event or school. They are accident avoidance training for teens. He will need instructors, so if you are interested, get in contact with Bob for requirements and training specifics. I remember the TRSS that Neohio

Track First located at 6381 Chittenden Road in Hudson will host the Neohio Tech Inspections. Inspectors will perform annual tech inspections on Sunday, April 17 from 10 until 1.

Appointments are not necessary, however, if you need a logbook issued for a new car, please contact us in advance so we have

a separate area set up for you as these take longer.

Doc Saddleton will be available for Driver Physicals on Sunday, April 17 from 10 to noon. Donations of \$50 accepted. Contact Debbie LaFond for an appointment time (440-946-2207 or fastlady1026@yahoo.com.)

Neohio Driver of the Year

Neohio Driver of the Year this year was a walk down memory lane and this driver is not the first family member whose name is on this award.

It is tough not to recognize this young man's achievements as he started with a new team in December 2014. There was much work done to the car prior to its first outing.

He started out at Road Atlanta for the first race. It wasn't without incident, but the team was able to get things fixed and he set the pole for Saturday, but ran out of fuel, with an 8 second lead (the length of the front straight). They found out the fuel tank was full, but was a little too small. The team worked very late Saturday night and added some fuel capacity. Sunday he had the pole by 3 tenths, and won by 8 seconds.

Watkins Glen was next, again he was on top of the sheets, a rain qualifying for race 1 and going in the wrong direction as they were figuring out this new car he qualified 7th. In short order, he took the lead in race 1, then had a great battle in the closing laps and finished 2nd. Sunday qualifying was maybe the last mistake of the season, a very close qualifying secession, on a drying track, he was on the pole and pulled in with one lap remaining, and he got beat out for the pole by a tenth. He did go on to win by 8 tenths in a tight race.

From there, they went to VIR, Mid-Ohio, PITT, New Jersey, and back to PITT, where he had a nearly perfect

"Beasley Bunch" (left to right, Ben with grandson Bentley, Al Sr., Sam, and Al Sr.)

season winning the next 10 races, making it 11 straight wins and 12 of 14 wins, for a series record, 5 track records and 10 poles.

Near snags came at VIR when before Sunday's race, a cracked electrical connector kept the car from starting on the grid. He ended up starting last (18th) and came through the field to win.

At Mid-Ohio he had to dodge a first turn accident dropping him back to fifth, in a race without many green flag laps, he was still able to get the win.

Through all this year of racing he had even become a new Dad. That really makes me feel old!

One of his great attributes is his ability to reach down deep and pullout what he needs to win. This reminds us so much of his Grandfather, Al and Uncle Al Jr. of CSR & DSR and Carl Anderson who raced FV and FF in the late 70s whose names are on this trophy and his Dad Ben's racing.

The Neohio 2015 Driver of the Year is Sam Beasley.

Thomas Prescott Memorial Award and Reed Andrew Friendship Award

Presented by Bob MacDonald

The Thomas Prescott Memorial Award

Michael & Judy Sherwin instituted this trophy to be given to a Neohio competition driver who exemplifies the individual competitive spirit of amateur SCCA racing.

It shall be awarded to an otherwise unheralded Competition Driver whose individual competitive spirit and desire to win has characterized

his/her racing season. (No Perpetual given starting in 1998 as trophy was lost.)

This year's recipient certainly has the desire to win! He's been to the Runoffs for several years, but has never won that illusive National Championship. As soon as the 2014 Runoffs were over, he started thinking about how

Continued on page 8.

Continued from page 7.

he could improve the car and be more competitive in 2015. As the weather warmed and the winter overhaul was complete, it was time to start testing and preparing for a competitive season.

Unfortunately, on a beautiful spring weekend in late April/early May, during a Driver's Ed event, our recipient's brakes failed at the end of the back-straight at Mid-Ohio. The car made it all the way across China Beach and the result was pretty ugly. The repairs stretched on for weeks as the majority of races in both the Majors and Divisional seasons were being run.

Our recipient kept rerunning the calculations to understand what it would take to qualify for Daytona. Finally, realizing that he was running out of options, he rented a car from another competitor to compete in the Majors weekend at Gingerman. The stress was intense as he went to the last Majors of the season where a 4th place finish secured his invitation to the Runoffs.

Our recipient made the trip to Daytona where he worked hard all

week to be competitive. Starting the race in 13th, he was moving up when bad luck struck again and a flat tire ended his race. So once again, he has started working on preparing for the 2016 season. For his individual competitive spirit and desire to win, this year we recognize T2 competitor Bill Moore with the Thomas Prescott Memorial Award!

The Reed Andrews Friendship Award

In recognition of the importance of friendship and good sportsmanship in amateur sports car racing. (Individual & Perpetual Trophy)

For those of you who weren't fortunate enough to meet Reed Andrews, he was arguably the friendliest person in the paddock at any race weekend he attended. Bryan Bartzi has shared that, while he crewed for Reed, he frequently took the car to the grid with no idea of where Reed was, because Reed was off socializing. Reed always had a warm hello, a great handshake for the guys and, of course, a hug and a kiss for all the ladies. He set a high bar.

The Reed Andrews Friendship Award honors a recipient who

personifies that warm and welcoming personality. This year's recipient has been involved in the club and the region for a long time. My first memories of meeting him were when he served as a Pit & Paddock Official. He always had a warm greeting for all of us, drivers, crew and officials. I probably spent the most time with him when he served in a leadership position on the Cleveland Grand Prix.

More recently, you're most likely to see him serving as a Steward at a race weekend. Now most of us as drivers, try to avoid spending too much time "meeting" with the stewards. However, like Reed, this person always greets you warmly, wants to know how you're doing and generally has a story or two to share if you have the time.

For as long as I've known him, when there's a project to do, he's always been willing to help out. He's a great recruiter for our club, constantly encouraging people to consider trying a new role that they would be a good fit for. Tonight, we honor him with a new role. The 2015 recipient of the Reed Andrews Friendship Award is a friend to all of us, Dave Bueno.

Continued from page 1.

presented at Revere High School and it was great. Students and instructors were both impressed with the event.

The rumors are true. Nelson Ledges Road Course has been sold. I know we have heard this many times over the years, but it is true. The information that I have been able to gather is that it will be closed for 2016 for rehab and construction. I will pass along more information as I receive it.

Unfortunately, I am going to finish with some sad news. We all know what that means. While he was not a Neohio member, many of us knew Todd Cholmondeley very well. He held a National license in F&C and Registration. He was a long time Cincinnati member. Saturday, March 12, Todd passed away from a massive heart attack at his home in Eagle, Colorado. He and his family moved there a couple years ago for work.

Neohio's Solo committee is working hard to put the final touches on the 2016 Solo Season.

The committee met on February 18th to review updates, discuss the upcoming Solo School and bring new committee members up to speed. The meeting was productive and positive. As the program continues to grow, the support from Neohio members does too. Thanks!

The first event of the season will be a Solo School on Saturday, April 30th at Pitt Race. This event will be held in conjunction with

Track First's Motorsports Expo (learn more at <http://bit.ly/TrackFirstExpo>).

The Solo School is designed to teach novices the basics of AutoX/Solo. Attendees will learn how to handle different course elements with 1:1 in car instruction and out of car group reviews.

After lunch a Solo course will be developed which will allow the attendees to put it all together and run an entire course.

First time? No problem. We have loaner safety gear!

This is a great opportunity to give AutoX/Solo a try or sharpen your skills.

Registration is now open for the Solo School. Save time and money by registering early. Register at <http://bit.ly/NeohioSoloSchool>. Questions? Contact Solo Chair, Pablo Chois pablo.chois@gmail.com.

Neohio Rookie of the Year

Neohio Rookie of the Year - This is always a fun time for me to watch those up and coming drivers. In the past we have had both young and old drivers as rookies. I missed out of this award by one point 33 years ago and now I wish I had just raced a little harder that year as this is an award you only get a chance at once.

This year's recipient I have known a long time even before he even became a driver. He has grown up at the track around his father racing and his mother working registration. Both he and his sister have been a great help in registration to the region.

After competing in go-karts, it was only natural for him to step up and start racing in SCCA. Last year when we went to tech his car before his first driver's school, I couldn't believe how much he

had grown up. He went on to race a Formula Vee this year and was quite impressive. There were times that he was on the track at the same time as his father in Formula Continental. We know that everyone held their breath that they would race clean.

He ran four different tracks in 2015 and learned quickly. After completing the Drivers School at Waterford Hills, he went to finish 2nd at National Corvette Museum, a brand new track; 1st, 2nd, 6th, and 7th at Mid-Ohio; and 4th and 5th at PITT.

He also had the unfortunate experience of having some bad luck at Mid-Ohio of blowing up an engine and then while being towed, having his car flipped and being towed on his head. I was the unfortunate one as a Safety Steward, to have to deal with this

Rob Dietz
Rookie of the Year Award

situation and I was glad that he was okay before having to inform his Mom. The 2015 Rookie of the Year Award goes to Rob Dietz.

Sebring Notes-Ohio Style

SportsCar didn't cover it at all, but in March 1966, the first ever Trans Am race was run at Sebring, Florida. Future posthumous World Driving Champion Jochen Rindt won overall in an Alfa and Bob Tullius won the over 2.5 class in a Dodge Dart.

To celebrate the 50th anniversary, SVRA brought the Historic Trans Am group from the West Coast to join the contemporary Trans Am series for an event 50 years in the making. Cars driven by Dan Gurney, Parnelli Jones, Mark Donohue, George Follmer and Sam Posey shared the paddock with the T/A machines of today. Legends of Trans Am were also invited with Grand Marshall Bob Tullius, Tom Yeager, George Follmer, Lyn St. James, Willie T. Ribbs, Jack Baldwin and current and only ever Female Champion Amy Ruman sharing their stories at a dinner at Chateau Elan.

Did you know that three of the seven legends have Ohio roots? Tom Yeager, who was from Marion, raced a Shelby Mustang GT 350 in 1965. Through those connections he became a Mustang Team driver in the 1966 T/A. Paired with Bob Johnson, he won Ford's race at Mid-America and helped Ford win the first Manufacturer's Championship.

While Willoughby native Lyn St. James may be better known for being the second woman in the Indy 500 and for her wins in IMSA

GTO class, she competed in 53 T/A races with 7 top 5 finishes.

Then there is Amy. Willie T. gave the Kent girl a fabulous compliment when he praised her 3 car overtaking move in the first turn at COTA. He stated that Trans Am had led to great things and it would do the same for her. Lyn also gave kudos to Amy for how far she has come from her time in the Women's Global GT series which Lyn had supported.

As for the Trans Am race itself, there is not much to write home about for the Buckeye girl and boys.

Amy spun while in first, flat spotted a tire and had to pit, but did lead the most laps.

Canfield's Dave Pintaric was on the receiving end of an impossible dive bomb attempt on the first lap that took out much of the right side of the car and left him a lap down.

Wellington, Ohio native, Jim McAleese, suffered a potentially worse fate. A seal on a rear brake failed at 150 mph. As he tried to whoa her down, he was clipped by another car and backed into the wall. Thankfully, he had slowed to about 30 mph. His race was finished, but Jim was OK. Jim attributed his safety to the prayers of protection he received that day.

I know God answers prayer. He has answered mine.
