

Neohio Team Challenge 2024
June 29, 2024, Saturday Race
Nelson Ledges Race Track

The format is teams consisting of three competitors earning points based on their finishing positions in their individual classes.

The team members' points will be added together to determine the winner of the Team Challenge.

There will be a cash prize for the three teams scoring the highest number of points.

The rules of the challenge are as follows:

1. The team members do not have to be a member of the Neohio Region. Team members can be from any SCCA region or combination of regions.
2. Each team member must compete in a separate class.
3. No competitor can be on more than one team.
4. No team member can compete in more than one class on a team.

There will be a very short entry form at the tech building that will be required to be filled out before the start of the first race group.

The form will ask to print the three team members names and the class they will be competing in.

There will also be a box next to the forms that the forms shall be placed in.

Please do not ask the register of the race or any officials for team challenge forms or any rules pertaining to the challenge. Go to the tech building where the rules and forms will be found.

Point scoring for the challenge is set up so that all teams will have a chance to win the challenge and all members of the each team must contribute to the team points. It is the intent not to have a first place finish in any class get so many points the other team members have little to do with team's total points.

Point scoring will be as follows;
Class with four or more competitors.
First place four points
Second place three points
Third place two points
Fourth place and below one point.

Class with three competitors.
First place three points
Second place two points
Third place one point

Class with two competitors.
First place two points
Second place one point

Class with one competitor
First place one point.

A “DNF” or “DQ” of a team member will score zero points.
A team member must complete the proper number of laps to score any points.

Prize money will be distributed as follows;
First place team 50% of prize money
Second place team 30% of prize money
Third place place 20% of prize money

In the event of a tie in team points prize money will be split.

Example:

Two teams score the highest number of points, first and second place money will be split.

Example team entry form with scoring:

<u>Name</u>	<u>Car Class</u>	<u>Points Scored</u>
Joe Fastest	GT1	1
Bill Almost as fast	SM	2
Jill Carried the team	ITC	4
Total Points		7
Team finishing position		?

Allen Franzolino of the Neohio region will be keeping the team scores and posting the scores in the tech building as the races finish, so all can keep an eye on how their team is doing.

I encourage teams to form before they get to the track.

Neohio Team Challenge 2024 Entry Form

Name	Car Class	Points
Total Team Points		
Team Finishing Position		

If you wish to enter a team before you get to the track copy this page only and fill out the form and e-mail it to me. Also bring a copy to the track to make sure your team gets entered.

afranzolino@prodigy.net

Thank you for entering,
Allen Franzolino
