The Starting Line

REport by Bob MacDonald

Summer is more than half over and it's no surprise that we're more than halfway through our competition event calendar for the year.

On August 31st we are looking forward to hosting a **RallyCross** as part of the **944 Fest** weekend at Nelson Ledges. This is a great event that has been steadily building a good following. Competitors can bring any make and model of vehicle that meets RallyCross safety standards (not just 944s). If you can volunteer to help out that day, please contact RallyCross Chairperson Alex Stone at Rallycross-chair@neohioscca.com as soon as possible. As a bonus, volunteers get to tour the 944 Fest paddock and check out hundreds of Porsches. It's a unique event with lots of friendly people sharing their passion for sports cars, and especially the Porsche 944. Check it all out at <https://944fest.com/>

The **Leroy Engineering** sponsored **Solo Points Event #4** is at the IX Center on August 31st and **Points Event #5** is there on September 28th. In between, the **Leroy Miata Challenge Finale** is at Eastlake on September 21st.

The **NEOHIO Fall Festival Club Race** presented by **Zuber + Gardner CPAs** is coming up at Nelson Ledges on September 21st and 22nd. This will be our biggest Divisional Race of the year, as it **kicks off** the Great Lakes Division Champ Series for 2024/25! Thanks to our supporting sponsors **Summit Racing Equipment, Carbotech Brakes, Leonard Trailer Sales** and **Stupid Fast Tires** for contributing to a great event. Thanks also to our Pace Car Sponsor, **Tim Lally Chevrolet**. As a special addition to the weekend, the **Furlong & Co. Pursuit Race** is open to all competitors in closed wheel cars. Five prizes are being offered that include cash and Summit Racing Gift Cards! When is the last time you had an opportunity to win money and valuable prizes at a SCCA club race? Competitor registration is open at <http://msreg.com/FallFest24> and volunteer registration is open at <http://msreg.com/FallFest24VOL>. Please come out and join us for this outstanding event!

In the meantime, our Club Race Committee is already hard at work planning for our club race at Nelson Ledges the weekend of October 26-27th. This will be a purely fun event, combining some elements of Divisional Race, Race Experience and Time Trials. I believe the name under consideration is the Monster Mash! I hear there's a good chance of a costume party Saturday night and maybe there will be prizes for that. Start planning now! **Continued on page 11**

Notes from the Director's Chair Area 4 Director Update for August 2024

Wow...lots of miles since the last report. Melinda and I vacationed in Oregon for a couple of weeks (I drove from the June Sprints, she flew) and I drove out to a BoD meeting in KC.

So, here's what I did since my last report.....

Video Conference Meetings:

Club Racing Board (CRB) (6/4): The CRB has been working on a plan to make some major changes in the Club Racing program. Some of these changes would be announced on 6/13 during a webinar hosted by Eric Prill. The group would use the monthly meeting to polish the update. The group also reviewed some letters. The results of all of the CRB rules changes can be seen [here](#).

Electrified Vehicle Advisory Committee (EVAC) (6/12): We discussed having a dedicated page on the SCCA website and what it might contain. We also chatted about the 2025 Solo rules package. We continue to work on a "Fact Sheet" for regions and venues to use when investigating EV participation. We also discussed several letters (and a new one) that came to us via the CRB letter portal.

Board of Directors (BoD) (6/17): I had a prior commitment and was unable to attend. The minutes reflect that the group ran through the usual reports (financial, "members behaving badly", etc.). They also worked on the agenda for the face-to-face meeting to be held in late July.

CRB (7/2): I did not attend as I was on vacation. The minutes showed that the group continued working on the agenda for the face to face meeting to be held later in the month. They also cleared some letters sent through the [portal](#). The results of all of the CRB rules changes can be seen [here](#).

EVAC (7/10): Cancelled due to my vacation.

SCCA Events:

CRB (7/24-7/26): As this was after the announcement of changes being made, the next step was to delve deeper into the program's revisions. I went out a day early as a small group of the CRB would meet on 7/24 to discuss balance of performance (BoP) issues related to these revisions. It was a very productive meeting, and I was able to see how the process worked. The next day, the entire CRB would meet to hear the results of the previous day's discussions. The group also wrestled with more long term, strategic planning for the program. More will be announced on 8/15 when Eric has another webinar on the topic. On 7/26, they waded through more letters sent through the portal. I was not in attendance as I was required at the BoD meeting.

BoD (7/26, 7/27): This was a typical BoD meeting as we waded through A LOT of minutiae. Here are some bullet points in no particular order:

Our financials look pretty good as we are slightly ahead of projections.

As mentioned before, the CRB is in the midst of making some large changes to the program.

They updated the BoD on those changes. A shorter Runoffs, combined classes, fewer classes.

We also discussed the location of the 2026 Runoffs.

Continued on next page

Continued from previous page

The SEB had a few items for us to discuss. One the status of the CAM classes. They are also working on a rewrite of the Solo rules book.

A national convention date has been set (1/16-1/24). Once again, this will be a virtual convention.

They will continue to support divisional conventions so we can expect some financial and personnel support for our meeting in Fort Wayne next spring.

Marketing has hired new personnel to expand its scope. The group is moving forward on the restructuring of the SCCA website. This would include a template for regional sites so they could be more easily maintained with less burden on the region.

We were updated about the various lawsuits against the Club as well as 'members behaving badly'.

We also had a load of super secret stuff which I am REALLY excited about but cannot share at this time. You folks will be SOOOOO impreseed when you hear the details.

=====

Be sure and visit the [GLDiv website](#) for information about all of the SCCA programs within the division. We have schedules, official's contact info, standings, etc. for all the SCCA programs.

Please take a few minutes and make sure your contact information is accurate in the SCCA database. It's important to have the correct information there so the club knows how to contact you. Log in to your my.scca.com page and check.

There is a new path to getting your annual waiver. You can now get it through the Member Account Portal (MAP). Follow this [link](#) to get the instructions. There is also a story about the program [here](#). I've done it and it only takes a couple of minutes. Be prepared to upload a headshot picture of yourself.

Thank you for your time and I look forward to hearing from you soon. Please feel free to contact me with any questions or comments you may have about any facet of the GLDiv. I want you to make the most of your membership and I will help out in any way possible to make that happen.

As I said last month, we have unfortunately lost our venue for **Tire Rack Street Survival**. If you know of a facility that has a parking lot (or two) big enough to do some slalom, braking exercises and a small skid pad as well as some interior space for classroom and meals, please reach out to Bryan Hall (listed on the contacts page) and give him your suggestion.

Taking a moment for club business, if you're a club racer and you haven't been following the proposed rule changes for 2025 and 2026, you should read the articles on the National website (www.scca.com/articles) from June 13th and August 15th. This is your opportunity to make your voice heard regarding how Runoffs Qualification and Race Classification will work going forward.

Also, it's not too soon to start thinking about our upcoming **NEOHIO Region Elections**. Nominations for all positions will be accepted at our September and October Board Meetings (Zoom meetings). Written (email) nominations are perfectly acceptable if you can't attend a meeting. If you want to attend a meeting, please reach out to Joe Blaha treasurer@neohioscca.com and ask him to send you the Zoom link.

We have an updated view of the balance of the year on page 11. Items highlighted in BLUE are confirmed NEOHIO Region events. Items highlighted in GREEN are from the Great Lakes Division Calendar and the SCCA National website. I look forward to seeing you at an event soon!

A Celebration of the Life Of Martin Dodenhoff and Wife Sara

Hello!

Betsy and I want to invite you to a gathering to celebrate the lives of our parents, Sara (Dodenhoff) Hall and Martin Dodenhoff.

Since we were unable to have an official service for Dad due to Covid, and Mom's service was in Hilton Head, Betsy and I missed the opportunity to see all of you. YOU are like family to us and such a big part of our childhood. We would love to see you and hear your memories of the old Lakewood days and Mom and Dad.

We hope you'll be able to join us on Saturday, September 14, 2024 from 1:30 to 3:30 pm at The Clifton Club. It is drop-in, so come any time.

Here is a link to their obituaries:

If you have any questions, please feel free to reach out to either of us: Betsy 912-398-1326 or Laura 704-609-8926.

We hope to see you September 14th!
Laura
