

Supplemental Regulations

This event is run under the SCCA Race Experience Rules, found at www.scca.com/pages/race-experience-rules and these supplemental regulations. Drivers and Crew should read those rules and these Supplemental Regulations before entering. These Regulations will reference but not re-print specific technical specifications, standards and regulations which drivers, crew and officials will need to be familiar with.

GENERAL EVENT INFORMATION

1. PROGRAM DESCRIPTION: SCCA Race Experience events are focused on your chance to go SCCA wheel-to-wheel racing at lower peak levels of performance and pressure than SCCA Road Racing Events. This means you get to race with a little less pressure, a lot more coaching, and rules as simple as we can make it without compromising safety and good on-track attitudes and approaches.

2. EVENT DESCRIPTION: This event will be a one-hour enduro race with one practice and one qualifying session each in the morning.

3. TRACK LAYOUT: The course used will be the Nelson Ledges 2.0 Mile Road Course.

4. DRIVER ELIGIBILITY: For most drivers, only a State-issued driver's license is needed and SCCA Racing Licenses are NOT required for this event. Minors aged 14 through the age of majority where the event is held must have a state-issued driver's license or their SCCA Road Racing Novice Permit and all SCCA Minor Waiver documents completed.

Full driver eligibility should be reviewed at www.scca.com/pages/race-experience-drivers.

If you haven't raced before, have only raced a few times, or just might like some brushing up on your skills, there will be experienced driver coaches on hand to help you through the event.

5. REQUIRED DRIVER EQUIPMENT: This event requires drivers to have and use a driver's suit, helmet, gloves, shoes, head & neck restraint device meeting specific requirements. Those full requirements can be found here: <https://www.scca.com/pages/race-experience-driver-safety-gear>

6. DRIVER CONDUCT: Event will follow the Endurance Experience Sporting Regulations.

SCCA Endurance Experience Sporting Regulations and because of the mixed experienced levels on track – if you have an “off” or spin you'll come in for a quick check-in with the driver coach on pit road. Drivers who have repeated offs may be removed from the race.

See the full rules, linked on this page <https://www.scca.com/pages/race-experience-rules> and specifically the expectations for vehicle control and Driver Coach consultations on pages 37-39.

7. VEHICLE ELIGIBILITY: This event is open to production-based cars and small-bore GT cars meeting SCCA safety requirements found at: www.scca.com/pages/race-experience-vehicles. In addition, SRF and SRF3 cars will be allowed and in the EX Class. Purpose-built racecars like Formula Cars, Sports Racers/Prototypes, Big Bore GT Cars, and Pro series cars are not appropriate for this event.

This also means that your car will need to have racing items like a roll cage, racing seat, racing harness, window net, etc. If your car has run other organizations like Champ Car, AER, Lucky Dog Racing League – chances are it's good to go, but our tech inspectors will double-check for you.

If you have questions about your specific car, please contact the registrar, and your question will be sent to the appropriate organizer.

8. VEHICLE INSPECTION: Before being allowed on track, each vehicle will need to go through Safety Inspection. Vehicles with a current SCCA Annual Tech Inspections in their logbooks will be honored. Any vehicle without an annual tech/logbook will need to be individually inspected. Annual Tech stamps can be reviewed, and a sticker will be issued at Tech located in the Summit Racing Tech building. Tech hours will be the same as Club Race Tech hours.

9. DRIVERS MEETINGS: Driver's meetings will be held in the base of Timing Tower. A Novice classroom will be held at 8:00 AM on Saturday morning. All drivers with less than three wheel-to-wheel events or have never run with the SCCA are required to be at each meeting. (All drivers are recommended and to attend all meetings.)

10. POST-SESSION DEBRIEFS: Post session debriefs will be held in the base of the Timing Tower. All newer drivers (less than three wheel-to-wheel events) are required to attend all debriefs. (All drivers are recommended to attend all meetings.)

11. IMPOUND: Will be held at the Summit Racing Tech Building.

12. TIMING & SCORING: Competition cars must have a working MYLaps (formerly AMB) transponder.

13. CLASSING: E1, E2, E3 E4 and EX. For an explanation of classes go to: www.scca.com/pages/race-experience-classing. Vehicles not meeting the 200 Tread Wear rule will be moved up one class.

14. GRID & STARTING POSITION: Will be determined by the fastest lap time from the Race Experience Qualifying Session.

15. PIT STOPS: will be allowed, but not mandatory.

16. SOUND LIMITS: 103 DBA.

17. BLACK FLAG STATIONS: Will be at the Summit Black Flag Station in Pit Lane.

18. RESULTS & TROPHIES: Will be distributed in the Summit Racing Tech Building.
