## The Starting Line

REport by Bob MacDonald

Welcome 2025! Here in NEOHIO Region we're looking forward to another great year of #funwithcars ahead.

First up is our first **social event** of the year. Please join a bunch of your SCCA friends for the start of the Rolex 24 at **Atomic Autosports** on Saturday January 25<sup>th</sup> at 1 PM. The address is 29251 Anderson Road in Wickliffe. Details are presented on page 10. Come on out!

Are you itching to drive a car in a competitive environment? Our first competition event of the year will be the **Ohio Winter Rally** on February 1<sup>st</sup>. The Rally will start from DiBella's Subs on Aurora Road in Solon, OH with the first car off at 2:31 PM. This will be a straight-forward TSD rally using "tulip" style route instructions. If you have never tried a Road Rally before, this is a great way to scratch your motorsports itch during the long cold winter. You will definitely have fun! Registration is open and a lot more information is available at this link: <http://msreg.com/OWR25>. On line Registration closes January 29<sup>th</sup> at 6 PM. On-site Registration is available at Di-Bella's from 1:00 to 2:00 PM the day of the event.

Next up is our **Annual Awards Celebration** on February 22<sup>nd</sup>. Come and join us once again at the Winking Lizard Party Center as we recognize 2024 accomplishments in Road Racing, Autocross, Time Trials, Rally and give special recognition via our perpetual awards. We will also welcome two new inductees to the **NEOHIO Hall of Fame** (see page 8). This is a great opportunity to catch up with all of your friends from the motorsports community, enjoy good food and drink and celebrate good competition and fun. Registration is open at <http://msreg.com/awardscelebration25>.

I'm pleased to report that NEOHIO Region is back in the **Street Survival** business. The fine folks at Drive Team in Peninsula have provided their facility as a venue for our next event on April 6<sup>th</sup>. This is an outstanding skills training opportunity for drivers between the time they get their Learner's Permit and graduate college. Many volunteers will be needed to make this a successful event. If you're interested, please reach out to Bryan Hall [streetsurvival@neohioscca.com](mailto:streetsurvival@neohioscca.com). If you and/or your friends have young drivers that will benefit from this program they can register now at [www.streetsurvival.org](http://www.streetsurvival.org) listed as Drive Team, Inc.

On a greater geographic level, the **SCCA National Convention** is taking place now through January 24<sup>th</sup>. It is virtual again this year and is free to all members. There are lots of great sessions and the nice thing about the virtual format is you can check out sessions that didn't fit in your calendar via the "on-demand" function. Registration is available at [https://whova.com/portal/registration/scca\\_202501/](https://whova.com/portal/registration/scca_202501/).

***REport continued from page 1***

For those who prefer a more in-person experience, the **2025 Great Lakes Division Spring Conference** will take place Saturday March 1<sup>st</sup> at Manchester University in Ft. Wayne Indiana. This year 8 SCCA National Office team members including SCCA President Mike Cobb will be there in person to interact with our members. National Staff will conduct and/or participate in many sessions in their specialties. Full information and Registration is available at <https://www.motorsportreg.com/events/gld-spring-conference-2025-manchester-university-fort-wayne-scca-great-254780>.

Once again, in this issue we have published a view of the year ahead on page 12 & 13. Items highlighted in BLUE are confirmed NEOHIO Region events. Items highlighted in GREEN are confirmed to the best of my knowledge via the Great Lakes Division Calendar and the SCCA National website.

Our sponsorship program continues to grow because you have been patronizing these businesses that support our region. Please continue to support our sponsors and advertisers as seen throughout this issue so they continue to help us bring you better value in our programs.

Finally, I'm sad to report that as I was writing this, I received word that John Hinkle has passed away. John was a member of NEOHIO Region pretty much from birth. He was very active for most of his life and many of our members counted John as a dear friend. He will be missed.

Some of our Neohio drivers decided to escape the cold and snow  
and head to Florida for some racing. Great driving everyone!

## 2025 Neohio Hall of Fame Induction

To honor those who contributed to the region through their volunteer work or who brought honor to the region for their accomplishments

Neohio Region would like to thank the Hall of Fame Committee for their time, effort and selection process. Sherrie Weitzenhof, Chair, Jeff Blumenthal, Dorothy Harrington, Brenda Nick and Bob Roberts.

Our 2025 inductees are:

### Martin Dodenhoff

Martin Dodenhoff, his wife Sara and his Bugeye Sprite moved to the Cleveland area shortly after the middle of the '60s.

Supporting his passion for SCCA sports car racing, he became co-founder and owner of The Winners Circle in Rocky River, Ohio in 1970. The Winners Circle became the "go to" store for racing aficionados. Martin's many victories on race tracks across the country led him to hold the course record at several tracks, including Road Atlanta. In 1967 he finished 4<sup>th</sup> at the runoffs in Daytona. 1968 brought 8 straight national wins in the CENDIV but he skipped the trip to Riverside.

By 1972 he was at the Road Atlanta runoffs and qualified on the pole but finished second to Randy Canfield. By 1977 he sold the Sprite and was driving a factory supported TR7 in which he finished 9<sup>th</sup> at Atlanta. In 1983 driving a borrowed Sprite in GP he qualified on the pole at the runoffs and again finished 2<sup>nd</sup>. He drove the same car in 1985 and finished 4<sup>th</sup> after winning the CENDIV with 6 national wins. In 8 trips to the runoffs he never finished lower than 9<sup>th</sup>. He also raced a Spridget and Lotus Europa.

Dody, as Martin was known in racing circles, also officiated at driver's schools for the NEOHIO region and helped several Sprite drivers learn to go faster. He could always be recognized at races by wearing a disreputable straw hat and talking with everybody.

**Hall of Fame Induction continued from page 9      Maurice LaFond**

Maurice's Neohio membership goes back to March 1979, but he was a member of SCCA while stationed at Fort Campbell, KY in 1974-1975. While there he raced his street Opel Manta in Autocross, Rally, and Road Racing - back when you raced what you drove to the track. He crewed for Paul Newman, Fred Baker, and Roger Bighouse during the early years as well.

Since joining Neohio Maurice has not only raced himself in FV, FF, FC, and IT, but crewed for many drivers over the years including his wife, daughter, and former son-in-law. His biggest mistake was putting his wife and daughter on the race track at the same time, there is still discussion as to who hit who! He has rented out his Honda race cars over the years to approximately 15 drivers to get their competition license.

He started out as a Tech Inspector after having a "non-compliant" part in his Ford Fiesta and Barry Kaplan said that if he came back to the track he had to plan on working Tech. Maurice thought it was a joke but it was not. This started a long term friendship which eventually led to him becoming the Chief of Tech for Neohio for the last 25 years. He will often go to driver's homes or businesses to do annual tech inspections on racecars and help with new car builds to make sure that competitors are on the right track with their racing dreams. He helped with the development of Safety Day training, working with others to build the "Flipover" car to demonstrate extrication process for F&C and Safety personnel.

He has also worked F&C on various occasions when the need arose for extra help, especially during the 24 hour races.

In the last few years he started in the Stewards program and had his first time as Chief Steward this past October.

He also was instrumental with the Neohio Annual Tech Days and Competition Clinic. At the Clinic he helped with the building of a SM and issuing the annual tech, as well as teaching attendees about how to get involved in SCCA racing.

Maurice is the type of person that very seldom says no to anyone when it comes to helping with their racing and has even taken parts off his own car to help them. He has also been the recipient of Neohio's Elden "Dutch" Moore Award, Bill Benham Award, and Trustee's Award (several times).

**We all have things we were going to do in the past and set aside almost too long.**

**This is my contribution to that list:**

### **It's Still 1957**

In 1957, sports car racing was just getting started. Due to the kind of people it attracted, there was a high level of sportsmanship. At one of the early Watkins Glen races, Porsche Spyder driver Bob Holbert blew out a clutch plate. Seeing competitor Don Sessler pull into the track, he went over and asked if he had a spare. Sessler said ""Let me pull over to the side here and I'll take a look for it." Don rummaged through his spares and looked. Moments later he said "Here it is!" and handed it over.

At the Put-in-Bay race in 1958, former NEOhio Regional Executive Reed Andrews burned a couple of valves during practice with his Triumph TR-3. He was packing up his things in the car when his friends the Holder Brothers came by. They had a machine shop in Cleveland and had completely redone the gears in their Porsche Spyder. "What's the matter?," Lorrain asked. Reed only knew his car was running on three cylinders. "Let's take a look," Manny said. In no time at all the head was off, confirming the burnt valves. They called a dealer on the mainland and located the parts, then flew over to get them. By late afternoon the car was back together and ready to race the next day. "I took a third place in E-Production," Reed recalled, "thanks to Manny and Lorrain."

Much more recently, at Nelson Ledges and the Pat Prill Memorial Race, one of my wheels loosened up and I pulled off the course with broken axle bolts. After the tow into the paddock, I got out my supply of replacement bolts and put them on the ground next to the left rear wheel. I stepped away for a few moments and when I came back, there was Eric Fiest of Kryderacing finishing the replacement of the bolts in my axle. He wouldn't take any payment but he did say "You're welcome. I'm glad I could help."

The years have passed but in many ways it's still 1957. And we're still the sport we used to be.

Thank you again from Carl Goodwin, H-Production Sprite, blue with white letters and number 94.
