From Grid to Graduation: Thomas Gaydos's Super Tour Journey

It was a busy weekend for Thomas Gaydos and his family. He was able to celebrate his high school graduation is the best way possible: on the racetrack!

Thomas's mom, Molly, said "He overcame many challenges as the "A" car had issues during Friday practice and they had to come home to get the "B" car, which also decided not to cooperate. He's put his heart into building, fixing and updating these cars This week he will graduate from Aurora High School and in the fall will attend the University of Akron studying Polymer Engineering and Science."

We would like to wish Thomas good luck as he begins his next journey!
