The Starting Line

REport by Bob MacDonald

The 2025 competition seasons are coming to an end here in NEOHIO Region, SCCA! Therefore, it's time once again for region elections. I'm pleased to say that all incumbent officers have agreed to run for their positions again. We also have five people currently running for three open Trustee positions.

If you feel you or someone you know would be a good candidate to help run our region, please make a nomination before or at our November Trustees Meeting, when nominations will close. I have asked current nominees to share a little about themselves and you will find those write-ups in this and the next issue of the Blower.

We will put out a "ballot" immediately after that meeting (November 4th). You will have the option of voting on-line via MotorsportsReg.com, or you can mail or bring a paper ballot to the Annual Meeting. We plan to include a paper ballot in the November Blower, which we will send out as quickly as possible after the November 4th meeting. If you wish to have a paper ballot mailed to you, please telephone me at (216) 509-6671 and let me know. If I don't answer, please leave a voicemail so I get your message and can mail you a ballot in a timely manner.

The NEOHIO Region Annual Meeting will once again take place at Boss Pro Karting on November 18th. Look for the announcement elsewhere in this issue of the Blower.

On-line registration is open through 4 PM October 24th for the **Monster Mash** hosted by NEOHIO and Mahoning Valley Regions. This event will take place October 25th to 26th at Nelson Ledges. More information and links to all three events (**Divisional Road Race, 12-Lap Pursuit Race, Time Attack**) can be found on page 7 in this edition of the Blower. Please note, we replaced the 1-hour Enduro with the 12-Lap Pursuit Race based on feedback from competitors.

After the Annual Meeting, the region's next social event will be a Motorsports Night out with the Cleveland Monsters Hockey Team. We are currently holding a block of attractively discounted (nearly 40% off) tickets to their game against the Chicago Wolves on January 22nd. It's a great opportunity for our membership to get together and watch other athletes do their thing. Look for details elsewhere in this issue.

Looking back, the Solo Season for 2025 wrapped up with a **Solo at the Captain's Lot** in Eastlake on September 27th, and **Solo Points Event #6** on September 28th at the IX Center. Unfortunately, that is likely to be our last Solo at the IX Center as the new tenants are not supportive of our program. If you have any ideas on a potential new venue for our Solo program, please contact Jonathan Staggs via soloch-air@neohioscca.com.

Report continued from previous page

Our region Rally Team led by Greg Lester did an outstanding job with the **US Road Rally Challenge** events October 10th to 12th. The weekend featured the **Johnny Appleseed Rally** from Canton down to Marietta, the **Ohio Milk Run**, using a different route to return to Canton and the **Cleveland Alley Rallye**. The Alley Rallye was a Charity Rallye which raised money for a donation to **Slow Roll Cleveland**. Look for photo coverage in this month and next month's editions of the Blower.

Our sponsorship program continues to grow. This is important because these businesses support our region, making events more robust and affordable. Please look for our sponsors and advertisers throughout the Blower and continue to support them so they continue to help us.

In the meantime, I look forward to seeing you at an event soon!

Notes from the Director's Chair
Area 4 Director Update October 2025

It has been a VERY busy couple of months. But it's been a good kind of busy. Between the CRB duties, preparing for the Runoffs, volunteering and competing at Club Racing events, etc., I have been enjoying all of what the SCCA has to offer.

When I say "preparing for the Runoffs", my new role as CRB Chair has me involved in all sorts of facets of the event. I've been invited to countless Zoom calls on various topics hosted by various groups (Tech, Specialty Chiefs, Exec Stewards, etc.). For example, while not directly involved with Tech, as CRB Chair they invited me to hear how they are going to scrutinize the cars during the week. CRB may make the rules, but these folks check for compliance and, if necessary, report their findings to the Stewards. This is a great example of how different groups can work together to make the event run smoothly and make sure we're all on the same page. The lead up to the event is time consuming but we all know that the end product must serve the driver and volunteer worker corps as effectively as possible.

Here's what I did since my last report.....

Video Conference Meetings:

Club Racing Board (CRB) (9/2): We discussed several facets of our data collection program. With cars becoming more and more complicated and computer controlled, the SCCA needs to have a more advanced and robust data plan. We have several options on how to move forward and we are weighing them based on a variety of aspects. We continued preparation for the Runoffs. The results of all of the CRB rules changes can be seen [here](#).

Electrified Vehicle Advisory Committee (EVAC) (9/10): As a part of National EV Week, Melinda and I were invited to the Gilmore Museum for an EV car show. As a result, I needed to cancel the regularly scheduled, monthly, Zoom meeting.

Board of Directors (BoD) (9/22): With "Championship Season" underway, we did not have our regularly scheduled, monthly, Zoom meeting.

SCCA Events:

OVR @ MidOhio (8/9, 8/10): I attended this race for a couple of reasons. One, this was the "bonus major" for the small formula cars (F6, FF, FV) since they could not attend the Hoosier Super Tour (HST) event at MidOhio in May. As CRB Chair, I wanted to see how that played out. I would talk with several of the drivers from this group to gauge their sense of the event. Two, my colleagues in H Production were having their annual HP Invitational as a part of this event. ***Continued on page 10***

The HPI coordinator (Jason Stine) added an HP Hall of Fame ceremony to the agenda, and I was invited to speak on behalf of the Club. It was great to see all of these folks again. I spent a lot of time schmoozing with them, and many tales were told. The field was huge (28 cars), and drivers came from all over the country to drive and watch the races. This is the largest HP field the SCCA will see this season...even larger than the Runoffs. Jason negotiated a single class race group if they cleared an entry hurdle, so the group got to run solo all weekend.

WMR Major @ Grattan Raceway (8/23, 8/24): While I enjoy being an F&C volunteer, it was quite nice to be asked to be the Pace/Safety car pilot this weekend. This is literally the best seat in the house. Having been paced scores of times over the years, I knew what was needed to pace a field of race cars. Once those two laps were over, I would sit in the shade of the tower and wait to be dispatched as the Safety Car and collect the field. If the race ran smoothly, I got to watch from the cockpit of my air-conditioned car. The view was spectacular. The good news is that my duties as Safety Car were only required once during the weekend. There was a lot of Green to Checker (G2C) racing.

WMR Time Trail Track Sprint @ Grattan Raceway (9/1): In years past, this event was a Solo. But a couple of incidents made the region think about reclassifying it to increase safety. As a result, it's now a Track Sprint event held under the Trime Trials banner. The idea is simple, remove the cones that may cause drivers to steer wildly (and potentially spin off course) and have folks attack the course. It was the first of its kind held by WMR and so it was an experiment to see how it would work. And it worked well. There were no incidents and lots of fun had by all. Like last year, I competed in my BMW i4 in A Street. I was inhaled by several cars that were lighter and had wider tires. But the experience I have at this track (hundreds of laps) helped out a great deal. The margin of victory was MUCH less than last year. It was a blast and I look forward to competing again at the 10/26 event. In addition to my fun on the track, I met the GLDiv Time Trials Manager (Adam DeLong) as he was there to help supervise. He'll be able to take this experience and guide other regions into hosting events like this.

Introducing Candidates for the Upcoming Neohio Election.

"Dear Neohio SCCA Members,

As the 2026 election approaches, I am excited to announce that I am running for re-election as your Assistant Regional Executive.

Serving this club has been a genuine pleasure. What stands out to me most from my time in this role is the shared passion and camaraderie I see at every single event. We have a truly special group of people, and I am incredibly proud of the positive and welcoming environment we have all fostered together.

Looking ahead, my commitment is to build on that strong foundation. I want to continue focusing on well-run, fun events, supporting our dedicated volunteers, and ensuring Neohio SCCA remains a club we can all be proud of. My goal is to apply my experience to make practical improvements that enhance everyone's experience on and off the track.

I would be honored to have your vote to continue this important work. Thank you for your consideration and for everything you contribute to our club.

*Sincerely,
Brandon Anderson"*

For Trustee:

Hello! My name is Rachel Rininger. I have spent the last half of my life being involved in most things racing with SCCA. From crewing for a Spec Racer Ford gen 3 for 12 years to running time trials in my miata's (yes I definitely have more than one, it's a very steep slope) to running autocross in LMC with my dad's miata to now getting involved with club racing myself with a 1994 miata that we are planning on running in STL. Cars and racing has always been an interest of mine and I want to step forward and get more involved into the region after being part of it for so long. I want to thank everyone on the board for giving me the opportunity to be able to run this year and to get more involved with the region.

For Trustee:

Marie Ann Bohusch joined the SCCA in 2012, after a lifetime in family sports cars (minus her first 3 days). She holds licenses in Registration, Timing & Scoring, and Race Admin. Since 2012, she has worked (mostly T&S) in several programs: Club Racing, Enduro, HPDE, Race Experience, Time Trials, Solo, and Street Survival, including the TireRack ProSolo Series, U.S. Majors Tour, Hoosier Super Tour, and the SCCA Runoffs. She has spurred the NEOhio Monster Mash parties, and taken the NEOhio T&S team to the Put-in-Bay Sports Car Races. When she's not at the track / parking lot, she admins sports car related social media, advocates for various veterans issues, and says loud words to her latest sewing and/or art projects.

Running for Trustee:

Hello all

I am Alec Bagley and I am seeking support to be elected to the board of trustees. I have been racing Time Trials with the Region for three years. Many of you who race Time Trials will recognize me from my no so white, not so rotary, RX7. Prior to that, I was introduced to motorsports through the University of Akron SAE Baja team, where I worked in the team leadership structure as a systems manager and designer.

I hope to help the Region bring in the next generation of motorsports enthusiasts and to help grow and support our hobby. I humbly ask for consideration in this election and am grateful for the opportunity.

Best Regards,

Alec Bagley
