The Starting Line

REport by Bob MacDonald

IT'S ELECTION TIME!

As stated last month, nominations for **Officers and Trustees** opened September 1st and closed October 11th. Learn more about our nominees starting on page 10. You will find an Election Ballot on page 14 in this issue. Feel free to print it, mark it and mail it per the instructions included on the ballot page. Online voting is also open at this time. To vote online, go to https://neohioscca.com/vote26

Our **Annual Meeting at Boss Pro-Karting** is on **November 17th**! If you don't vote online or mail a ballot, you are welcome to bring your ballot in person and turn it in at the meeting. **The Deadline for turning in ballots in person is 7:00 PM!** All paper ballots must include the voter's membership number in the appropriate slot. If multiple people in a household are voting via paper ballot, each person must use a separate ballot sheet.

Details about the Annual Meeting are in this issue. This is always a fun event as we learn who has been elected to Region Leadership positions, recap the events of the year and find out who is the fastest person in the region on the go kart track. The competition gets stiffer each year, come join the fun! Please pre-register for go-karting using the link on page 13.

Elections for Area Directors are also open from October 15th to November 16th at 5 PM Central Time. This will be a very competitive race with 4 candidates running. Check out the item on page 8 and follow the link to learn more and vote for the candidate of your choice.

Even if you're not interested in running for office but you enjoy our events, there are other ways you can help. Check out the **"SCCA Needs YOU!"** item on page 9 to learn more.

We have one last competition event in NEOHIO still to run! On **October 24th**, the final rally of the Great Lakes Rally Championship will take place. Fall foliage should be near peak color for the **Johnny Appleseed Rally**. More information and registration are open now at www.msreg.com/JAR26.

Finally, we will wrap up October with a **Tire Rack Street Survival** event on **October 31st** at **Drive Team in Peninsula**. **Please, please, please talk this up!**

This is an outstanding skills training opportunity for drivers between the time they get their Learner's Permit and graduate college. If you have young drivers or know people who do, please have them look into registering at https://msreg.com/SSNeohio26. Many volunteers will be needed to make the program successful. We promise to get everyone home in time for Trick or Treat and Halloween Parties. If you're interested, please reach out to Bryan Hall at bryan_hall5000@sbcglobal.net. Look for more information on page 15 in this Blower.

Our sponsorship program continues to grow. This is important because these businesses support our region, making events more robust and affordable. Please look for our sponsors and advertisers throughout the Blower and continue to support them so they continue to help us.

I look forward to seeing you at an event soon!

AREA 4 DIRECTOR ELECTION

There are four members running for Area 4 Director this month. This is unusual and exciting. Each has their view of how they can support the success and growth of SCCA.

The Area 4 Director is the representative from Great Lakes Division on the SCCA National Board of Directors. The person elected will have an impact on your experience with the club, so please take a few minutes to read each platform and make your voice heard.

Learn more at this link: https://www.scca.com/articles/2021017-voting-for-scca-board-of-directors-elections-begins-soon

SCCA Needs YOU!

Event Volunteers

Autocross & Road Rally both have effective systems for run/work where participants serve in both capacities during the event.

Road Rally leadership – Greg Lester would appreciate volunteers who may be willing to work pre and/or post event. Contact him at RallyChair@neohioscca.com

Solo leadership – Jonathan Staggs needs volunteers who can work event specialties during the Solo Points weekends (the LMC competitors have been filling these roles). Please contact him at SoloChair@neohioscca.com

Time Trials and Road Race tend to need dedicated volunteers in many specialties as it's frequently impractical for competitors to step away from the car long enough to serve meaningfully in the following roles. However, as a racer maybe you can jump into one of these roles on a weekend you're not driving! Or, if you're a race fan who doesn't have a car you can use these opportunities to get close to the action.

Registration – Contact Jennifer Bradford at jenniferdietz96@hotmail.com to see how you can help.

Tech – Contact Maurice LaFond at mrl1070@yahoo.com to see how you can help there.

Grid – We need someone who is willing and capable to be the region Chief of Grid. Please email me at Regexec@neohioscca.com to discuss this opportunity.

Pit – Check in with Bill Stewart at bstewart@sccaonline.net to learn more about this specialty.

Timing & Scoring – This specialty claims they have the best snacks of all SCCA. Contact Brenda Nick at brenda.j.nick@gmail.com to see about joining this team.

Volunteers Needed! (continued from page 9)

Flagging & Communications – This team truly has the best view of the racing surface, as it's their responsibility to watch out for the drivers and communicate to the stewards. Contact Kurt Stevens at flagchair@neohioscca.com to see how you can be trained as a corner marshal.

Emergency Services – If you like the idea of "coming to the rescue" this is the team for you. Reach out to Jon Schneider at captj20@aol.com to learn more.

Sound Control & Race Administration – Maintaining good relations with the tracks neighbors and interfacing with all of the volunteers and competitors are what these specialties are all about. Contact me at regexec@neohioscca.com to find out how you can get involved in these areas.

Candidates for NEOHIO Region Offices

Brandon Anderson Regional Executive

As an SCCA member since discovering autocross in 2005, I've spent two decades behind the wheel in everything from rallycross to B-Spec. Beyond driving, I've focused on serving our club—currently as Neohio's Assistant RE, outgoing Time Trials Chair, and Great Lakes Divisional TTDA. Running for Regional Executive, my priority is strengthening Neohio's foundation by expanding quality track time across programs, empowering volunteer specialty chiefs, and cultivating a transparent, welcoming paddock that turns novices into lifelong members. I would be honored to earn your vote and lead our region forward.

Bill Crowe Assistant Regional Executive

I am running for the position of Assistant Regional Executive.

After three, three-year terms as trustee it is time to vacate the spot for another.
As a former assistant RE I feel my experience will be helpful to the new RE.

It offers a year to gracefully step back from the club board with a smooth transition.

Continued page 11

Rachel Rininger Assistant Regional Executive

Hello! My name is Rachel Rininger, and I am running for the position of Assistant Regional Executive.

I currently serve as one of the newly elected trustees from last year's election, but my involvement with NEOhio SCCA goes back much further. I've been around racing since I was four years old, and SCCA has been a part of my life for as long as I can remember.

Over the years, I've been involved in many of the programs SCCA offers, including Road Racing, Solo, Time Trials, and HPDE events. These experiences have given me a broad appreciation for the different programs that make our region such a great community.

I'm excited about the opportunity to become more involved in the leadership and day-to-day operations of our region. I look forward to the possibility of serving as Assistant Regional Executive and helping NEOhio SCCA continue to grow and thrive!

Thomas Benham Trustee

I am honored to be nominated for a position on the Neohio Board of Trustees. My involvement with SCCA dates back to childhood, and I have participated in various racing disciplines, including Club Racing, RoadRally, and multiple race specialties. In the past, I had the privilege of serving on the board in the 1900s, at the time I was the board's youngest member. I believe that my unique perspective during that time contributed to the team's success. Now, I am eager to leverage my experience to provide valuable insights and advantages to the group. Thank you for considering my nomination and for your interest in our club.

Brenda Nick Trustee

NEOHIO member – 20 years Chief of Timing and Scoring – Road Racing and Time Trials
Board of Trustees since 2022 Awards Celebration PowerPoint presentation
Involvement with 10+ car clubs/organizations over the past 46 years
Have experience in the following areas: Autocross RallyCross Road Racing including the Runoffs
Road Rally Street Survival Time Trials Track Days

I believe that the NEOHIO Board of Trustees should be made up of a mixture of older and newer members who are or were involved in many aspects of car clubs. Striving for more involvement by our members is vital for our survival and growth. NEOHIO has over 600 members; where are they? We should not be the "Secret Car Club of America" and should spread the word of who we are.

From P35 To the Top Step of The Podium:
Brian Farnham's Unbelievable Runoffs

Written by Bill Snow

This year marked Brian Farnham's tenth appearance in Formula Vee at the SCCA National Championship Runoffs, and his fourth time taking on the turns of Road America. But no amount of experience could have prepared him for the emotional rollercoaster that awaited him at the 2026 Runoffs.

Brian's path to victory lane began with a crisis just three weeks before the event. During a summer test session at Nelson Ledges Road Course, his primary car suffered significant on-track damage, leaving it beyond repair in time for the championship. With the clock ticking, Brian and his dad turned to a backup chassis that had been sitting somewhat idle for nearly 16 years. Working around the clock, father and son transferred every good part over to prepare the chassis for a battle for the championship.

When they arrived at Road America, the struggle wasn't over. Testing week became a game of troubleshooting a frustrating electrical gremlin. Once that was finally sorted, Brian put together a strong qualifying effort, only to hit another major roadblock at tech inspection.

The tech inspectors determined his exhaust length fell outside the ruleset. Though competitors had used the same setup in the past and it had passed inspection in previous years, it was deemed non-compliant this time. He protested, lost, and made the decision to not continue the protest fight, but rather focus on getting to the grid. Demonstrating the true spirit of the SCCA paddock, a fellow competitor loaned Brian a different collector so he could race. However, the tech penalty wiped out his qualifying times, putting him to the very back of the field, in the 35th starting spot.

How does a driver mentally reset after a blow like that?

"Control what you can control, do your best, and lean on your dad over the radio," was Brian's mindset.

When the green flag dropped, Brian put on a driving clinic, carving through traffic to overtake 14 cars in the first five corners alone. But the drama was far from over. A hit from behind caused him to spin and sent him right back toward the tail end of the field before a black flag halted the race on lap two for track cleanup.

When the field re-formed for the restart, Brian found himself lining up 19th. His revised strategy was simple: stop looking at all the cars and just hunt down one car at a time.

Brian worked his way through the field. When he finally caught the lead pack, a fellow competitor even gave him a quick wave, a silent *"welcome back to the front"*.

With his car hooked up and draft tactics in full effect, Brian set his sights on positioning himself in the top three for the final lap. Instead, he took charge early, leading the pack across the start/finish line for the final three laps. In a heart-stopping run up the front stretch to the checkered flag, the top five cars crossed the finish line separated by just four-tenths of a second.

Continued next page

When the dust settled, Brian had captured the national championship victory by a razor-thin 0.089 seconds.

Reflecting on the weekend, Brian admitted the emotional swing was overwhelming. The night before the race was a low point, he was so disappointed he couldn't even bring himself to go to dinner with his family. Less than 24 hours later, he was standing atop the Runoffs podium on an absolute high.

Brian's incredible drive from P35 to a National Championship serves as a testament to perseverance: we all dream about winning from the back of the grid, but Brian Farnham proved that it is truly possible.

The Blower

NEEDS a New Editor!

After 5+ years at the helm, Bob Roberts has decided to step down.

The region thanks him for the fine job he has done keeping this venerable publication going strong!

We now need a new person to keep it going. This edition is created in Microsoft Word so there's no special software tool needed to put it together. The current template can be provided if the next editor wants to use it or the design can evolve to a new creative vision. Bob reports that each monthly edition takes 6 – 8 hours to assemble.

If this appeals to you as a great volunteer opportunity, please contact me at regexec@neohioscca.com
